95-216146

interest in and to the Property to GRANTOR, or GRANTEE voluntarily returns title to the Property in lieu of a reverter, the GRANTEE shall provide protection to and maintenance of the Property at all times until such time as the title to the Property or possession of the Property, whichever occurs later in time, is actually reverted or returned to and accepted by GRANTOR. Such protection and maintenance shall, at a minimum, conform to the standards prescribed by the General Services Administration in FPMR 101-47.4913 (41 C.F.R. 12. GRANTEE, by the acceptance of this Deed, further covenants and agrees for itself, its successors and assigns, to indemnify and hold harmless the United States, its agents, and employees against any and all loss, damage, claim, or liability whatsoever, due to the Grantee's use or occupancy of the property, or any other act or omission of the Grantee, including failure to comply with the obligations of this transfer.

13. GRANTEE, by the acceptance of this Deed, further covenants and agrees for itself, its successors and assigns and every successor in interest to the Property herein conveyed, or any part thereof, that any construction or alteration is prohibited unless a determination of no hazard to air navigation is issued by the Federal Aviation Administration in accordance with Title 14, Code of Federal Regulations, Part 77 entitled "Objects Affecting Navigable Airspace", or under the authority of the Federal Aviation

95-216146

Act of 1958, as amended.

15. GRANTEE, by acceptance of this Deed, covenants and agrees for itself, its successors and assigns, and every successor in interest to the Property conveyed herein or any part thereof that it will comply with the requirements of: (a) Title VI of the Civil

95-216146

Rights Act of 1964 (P.L. 88-352), 42 U.S.C. Section 2000d et seq.; (b) Title IX of the Education Amendments of 1972 (P.L. 92-318), 20 U.S.C. Section 1681 et seq., and Section 844 of the Education Amendments of 1974 (P.L. 93-380) (in relation to education); (c) Section 504 of the Rehabilitation Act of 1973 (P.L. 93-112), 29 U.S.C. This covenant shall attach to and run with the land for so long as the Property is used for a purpose for which Federal assistance is hereby extended by GRANTOR or for another purpose involving the provision of similar services or benefits, and shall in any event, and without regard to technical classifications or designation, legal or otherwise, be binding to the fullest extent permitted by law and equity, for the benefit of, in favor of and enforceable by GRANTOR against GRANTEE, its successors and assigns, for the Property, or any part thereof.

In the event of a breach of this covenant by GRANTEE or by its successors or assigns, GRANTOR, may, in addition to any right or remedy set forth in this agreement, avail itself of any remedy authorized by the violated statutes or regulations.

16. In the event title to the Property or any part thereof is reverted to the UNITED STATES OF AMERICA for noncompliance or is voluntarily reconveyed in lieu of reverter, GRANTEE, its successors or assigns, shall at the option of GRANTOR, be responsible for and be required to reimburse the UNITED STATES OF AMERICA for the decreased value thereof that is not the result of reasonable wear and tear, an act of God, or alterations and conversions made by the GRANTEE and approved by the GRANTOR, to adapt the Property to the educational use for which the Property was transferred. GRANTEE shall, in addition thereto, reimburse GRANTOR for damage it may sustain as a result of such noncompliance, including but not limited to costs incurred to recover title to or possession of the Property.

17. GRANTEE may seek abrogation of the conditions subsequent numbered 1, 2, 3, and 4 of Paragraph 6 of this Deed by:

- a. Obtaining the advance written consent of the GRANTOR;  
and
- b. Payment to the UNITED STATES OF AMERICA a sum of money equal to the fair market value of the property to be released from the conditions as of the effective date of the abrogation:
  - (1) multiplied by the percentage public benefit allowance granted at the time of conveyance, then
  - (2) divided by 360, and

9-1-5-1-4-11

(3) multiplied by the number of months, or any portion thereof, of the remaining period of restrictions to be abrogated.

18. GRANTEE, by acceptance of this Deed, further covenants and agrees for itself, its successors and assigns, that in the event the Property or any part or interest thereof is at any time within the period of thirty (30) years from the date of this conveyance sold, leased, mortgaged, encumbered or otherwise disposed of or used for purposes other than those designated in condition subsequent number 1 above without the written consent of GRANTOR, all revenues therefrom and the reasonable value, as determined by GRANTOR, of any other benefits to GRANTEE deriving directly or indirectly from such sale, lease, mortgage, encumbrance, disposal or use, shall be considered to have been received and held in trust by GRANTEE for the UNITED STATES OF AMERICA and shall be subject to the direction and control of GRANTOR; but the provisions of this paragraph shall not impair or affect the rights reserved to GRANTOR under any other provision of this Deed.

19. GRANTEE, by the acceptance of this Deed, further covenants for itself, its successors and assigns, that at all times during the period that title to the Property is vested in GRANTEE subject to conditions subsequent 1, 2, 3, and 4 of Paragraph 6 of this Deed, GRANTEE shall at its sole cost and expense keep and maintain the Property and the improvements thereon, including all buildings, structures and equipment at any time situate upon the

5-1-5-1-4-1-6

Property, in good order, condition and repair, and free from any waste whatsoever.

20. GRANTOR expressly reserves from this conveyance all mineral rights in the Property to any and all minerals, including but not limited to oil, gas, coal, sulphur, sand or gravel. The listing of certain minerals shall not cause the doctrine of ejusdem generis to apply. Further, GRANTOR reserves the right to enter upon the Property to prospect for and produce such minerals. GRANTEE, its successors and assigns, shall not engage in, authorize, permit or suffer the extraction or production of any minerals from the Property without the written consent of GRANTOR. GRANTEE, by the acceptance of this Deed, further covenants and agrees for itself, its successors and assigns, that should an extraction or production of minerals on or under the described Property occur (i) it will hold all payments, bonuses, delayed rentals, or royalties in trust for GRANTOR, and will promptly pay such revenue to GRANTOR and (ii) that all net revenues and proceeds resulting from the extraction or production of any minerals including, but not limited to, oil, gas, coal or sulphur, sand or gravel, by GRANTEE, its successors and assigns, will be held in trust for and promptly paid to GRANTOR. Nothing herein shall be construed as authorizing the GRANTEE to engage in the extraction or production of minerals in, on, or under the Property.

21. GRANTEE, by acceptance of this Deed, covenants that, upon the recording by the UNITED STATES OF AMERICA of a Notice of

95-216146

Entry, all right, title, interest in and to the Property shall pass to and become the property of the UNITED STATES OF AMERICA, which shall have an immediate right to enter thereon, and the GRANTEE, its successors and assigns, shall immediately and quietly quit possession thereof and forfeit all right, title, and interest in and to the Property in any and all of the tenements, hereditaments, and appurtenances thereunto belonging, conveying all right, title and interest conveyed to it in this Deed except for encumbrances authorized and approved by the GRANTOR in writing as provided in condition subsequent number 2 of Paragraph 6 of this Deed.

22. GRANTEE further covenants to pay damages for any time period held over beyond the time period stated in a demand to quit possession of the Property at the fair market rental value plus reasonable attorneys fees and costs of the GRANTOR in securing the return of the Property

23. If the GRANTEE, its successors or assigns, shall cause the Property and/or any improvements thereon to be insured against loss, damage or destruction, or if the GRANTOR requires such insurance while the Property is subject to conditions subsequent numbered 1, 2, 3, and 4 of Paragraph 6 of this Deed, and any such loss, damage or destruction shall occur during the period GRANTEE holds title to the Property subject to conditions subsequent numbered 1, 2, 3, and 4 of Paragraph 6 of this Deed, said insurance and all monies payable to GRANTEE, its successors or assigns, shall be held in trust by the GRANTEE, its successors or assigns, and

5-1-5-4-6

95-216146

shall be promptly used by GRANTEE for the purpose of repairing and restoring the Property to its former condition or replacing it with equivalent or more suitable facilities; or, if not so used, shall be paid to the Treasurer of the United States in an amount equal to the unamortized public benefit allowance of the Property multiplied by the current fair market value of the improvements lost, damaged or destroyed. If the Property is located in a floodplain, GRANTEE will, during the period it holds title subject to conditions subsequent numbered 1, 2, 3, and 4 of Paragraph 6 of this Deed, insure the Property and any machinery, equipment, fixtures, and furnishings contained therein against loss, damage, or destruction from flood, to the maximum limit of coverage made available with respect to the Property under Section 102 of the Flood Disaster Protection Act of 1973 (P.L. 93-234). Proceeds of such insurance will be used as set forth above.

24. GRANTOR, pursuant to Section 120(h)(4) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, 42 U.S.C. § 9620(h)(4), has identified the herein described tracts of land as real property on which no hazardous substances and no petroleum products or their derivatives were stored for one year or more, or known to have been released, or disposed of by the United States. The United States covenants and warrants that in the event that any response action or corrective action found to be necessary after the date of conveyance for contamination existing on the land prior to the date

95-216146

95-216146

of conveyance, such response action or corrective action shall be conducted by the United States.

25. GRANTEE, by acceptance of this Deed, further covenants and agrees for itself, its successors and assigns, that GRANTOR (The United States) reserves a right of access to any and all portions of the Property for purposes of environmental investigation, remediation or other corrective action, with such reservation including the right of access to and use of, to the extent permitted by law, available utilities at reasonable cost to the GRANTOR. These rights shall be exercisable in any case in which a remedial action, response action or corrective action is found to be necessary after the date of this Deed. Pursuant to this reservation, the United States and the State of California, and their respective officers, agents, employees, contractors and subcontractors shall have the right (upon reasonable notice to GRANTEE or the then owner and any authorized occupant of the Property) to enter upon the Property and conduct investigations and surveys, to include drillings, testpitting, borings, data and record compilation and other activities related to environmental investigation, and to carry out remedial or removal actions as required or necessary under applicable authorities, including but not limited to monitoring wells, pumping wells, and treatment facilities.

26. All covenants, conditions subsequent and restrictions contained in this Deed shall run with the land and be binding upon

95-216146

95-216146

GRANTEE, its successors and assigns, to all or any part of the Property. All rights and powers reserved to GRANTOR by this Deed may be exercised by any successor in function to GRANTOR, and all references in this Deed to GRANTOR shall include its successor in function. All covenants and conditions subsequent contained herein are for the sole benefit of GRANTOR and may be modified or abrogated by it as provided in the Act.
