(Former George Air Force Base Non-Aviation Parcels)

I. PARTIES

THIS DEED is made and entered into this 28 day of September 2007, by and between THE UNITED STATES OF AMERICA, acting by and through the Secretary of the Air Force, under and pursuant to the powers and authority contained in the Defense Authorization Amendments and Base Closure and Realignment Act of 1988, as amended (10 U.S.C. § 2687 note), and delegations and regulations promulgated thereunder (the "Grantor"), and the Southern California Logistics Airport Authority (the "Grantee"), a joint-powers authority under the laws of the State of California. (When used in this Quitclaim Deed, "Grantor" includes the assigns of the Grantor and "Air Force" includes any successor entity to the Department of the Air Force or any successor to the Secretary of the Air Force, and "Grantee" includes the successors and assigns of the Grantee.)

PARCELS: D-7, D-8, D-9, F-1, G-2, J-1, J-2, J-3, J-4, J-5, J-6, J-7,
CENTRAL AND SOUTHEASTERN PORTION OF D-5 Deed

Former George AFB, CA

II. CONSIDERATION AND CONVEYANCE

WITNESSETH, THAT in consideration of the sum of SEVEN HUNDRED EIGHTEEN THOUSAND SIX HUNDRED EIGHTY FIVE DOLLARS (\$718,685.00), and other good and valuable consideration, the receipt of which is hereby acknowledged, the Grantor does hereby release and forever quitclaim to the Grantee all that real property known as Parcels: D-7. D-8. D-9, F-1, G-2. J-1, J-2, J-3, J-4. J-5, J-6. J-7, Central and Southeastern Portion of D-5, consisting of approximately 730 acres of land situated in the County of San Bernardino, State of California, as described, with exceptions as noted, in Exhibit A to this Deed and graphically depicted on Exhibit B.

III. APPURTENANCES

TOGETHER WITH all the buildings and improvements erected thereon, and all and singular the tenements, hereditaments, appurtenances, and improvements hereunto belonging, or in any wise appertaining (which, together with the real property above described, is called the "Property" in this Deed).

IV. EXCEPTIONS

AND EXCEPTING THEREFROM any and all monitoring wells and associated equipment (i.e., ownership is expressly retained by the Grantor), electrical distribution systems, natural gas distribution systems, telecommunication systems, potable water supply systems, sanitary sewer systems, storm drain systems, here after ("System") located within the Property.

V. RESERVATIONS

A. RESERVING UNTO THE GRANTOR all oil, gas, and other mineral resources of any kind or nature in the mineral estate of the Property, provided, however, that such reservation is without surface right of entry or extraction rights.

B. AND FURTHER RESERVING UNTO THE GRANTOR, and its and their respective officials, agents, employees, contractors, and subcontractors, the right of access to the Property (including the right of access to, and use of, utilities at reasonable cost to the Grantor). It is the intent of the Grantor that this reserved right of access be extended to the United States Environmental Protection Agency ("EPA") and the State of California (the "State"), and its and their respective officials, agents, employees, contractors, and subcontractors. This right of access is for the following purposes, either on the Property or on adjoining lands, and for such other purposes consistent with the Installation Restoration Program ("IRP") of the Grantor or the Federal Facility Agreement ("FAA"), if applicable:

1. To conduct investigations and surveys, including, where necessary, drilling, soil and water sampling, testpitting, testing soil borings, and other activities related to the IRP or FFA, if applicable.

PARCELS: D-7, D-8. D-9, F-1, G-2, J-1, J-2, J-3, J-4, J-5, J-6. J-7,
CENTRAL AND SOUTHEASTERN PORTION OF D-5 Deed

2. To inspect field activities of the Grantor and its contractors and subcontractors in implementing the IRP or the FFA, if applicable.

3. To conduct any test or survey required by the EPA or the State relating to the implementation of the IRP or FFA, if applicable, or to verify any data submitted to the EPA or the State by the Grantor relating to such conditions.

4. To conduct, operate, maintain, or undertake any other response, corrective, or remedial action as required or necessary under the IRP or the FFA, if applicable, or the covenant of the Grantor in subparagraph VILA, of this Deed, but not limited to, the installation, gauging, sampling, maintenance, and decommissioning of monitoring wells, pumping wells, and treatment facilities.

5. To monitor any environmental restrictive covenants in this Deed and the effectiveness of any other land use or institutional control established by the Air Force on the Property, either by itself, by its contractor, by any public entity, including the State, or by a private entity registered in the State to monitor environmental covenants.

VI. CONDITION

A. The Grantee agrees to accept conveyance of the Property subject to all covenants, conditions, restrictions, easements, rights-of-way, reservations, rights, agreements, and encumbrances, whether or not of record.

B. The Grantee acknowledges that it has inspected, is aware of, and accepts the condition and state of repair of the Property, and that the Property is conveyed, "as is," "where is," without any representation, promise, agreement, or warranty on the part of the Grantor regarding such condition and state of repair, or regarding the making of any alterations, improvements, repairs, or additions. The Grantee further acknowledges that the Grantor shall not be liable for any latent or patent defects in the Property, except to the extent required by applicable law.

VII. NOTICES AND COVENANTS RELATED TO SECTION 120(h)(3) OF THE COMPREHENSIVE ENVIRONMENTAL RESPONSE, COMPENSATION AND LIABILITY ACT (CERCLA) (42 U.S.C. § 9620(h)(3))

A. Pursuant to Section 120(h)(3)(A)(i) of CERCLA, the Grantor has made a complete search of its files and records. No hazardous substances are known to have been stored for one year or more, or to have been released or disposed of on the Property.

1. Pursuant to Section 120(h)(3)(A)(ii) of CERCLA, the United States covenants and warrants:

PARCELS: D-7, D-8, D-9, F-1, G-2, J-1, J-2, J-3, J-4, J-5, J-6, J-7.
CENTRAL AND SOUTHEASTERN PORTION OF D-5 Deed

(a) that all remedial action necessary to protect human health and the environment with respect to hazardous substances remaining on the Property has been taken before the date of this Deed; and

(b) any additional remedial action found to be necessary after the date of this Deed for contamination on the Property existing prior to the date of this Deed will be conducted by the United States.

This warranty will not apply in any case in which any Grantee of the Property, or any part thereof, is a potentially responsible party with respect to the Property before the date on which any Grantee acquired an interest in the Property. The obligation of the United States under this warranty does not include response actions required by an act or omission of the Grantee that either (1) introduces new or additional contamination, or (2) increases the cost of the required response action by improperly managing any CERCLA contamination present on the Property on the date of this Deed from the United States. For the purposes of this warranty, the phrase "remedial action found to be necessary" does not include any performance by the United States, or payment to the Grantee from the United States, for additional remedial action that is required to facilitate use of the Property for uses and activities prohibited by those environmental restrictive covenants set forth in subparagraph VII.B. below, as may be modified or released pursuant to subparagraph VII.C.

2. The United States has reserved access to the Property in subparagraph V.B. of this Deed in order to perform any remedial or corrective action as required by Section 120(h)(3)(A)(iii) of CERCLA.

NOTICE

BREACH OF ANY ENVIRONMENTAL RESTRICTIVE COVENANT IN SUBPARAGRAPH VII.B. BELOW, MAY AFFECT THE FOREGOING WARRANTY

B. Environmental Restrictive Covenants.

1. For purposes of the environmental restrictive covenants in this subparagraph, the term "Property" includes any part of the Property specifically described in Exhibit A to this Deed to which one or more of these environmental restrictive covenants may apply.

2. The following environmental restrictive covenants are being created to protect human health and the environment as a component of the remedial action taken in subparagraph VII.A. 1. above:

(a) Groundwater use restrictions: the Grantee covenants and agrees for itself and any of its agents, representatives, contractors, or lessees that it will not construct any well on the Property or extract/pump groundwater from beneath the Property for any purpose other than monitoring.

PARCELS: D-7. D-8. D-9. F-I. G-2. J-1, J-2. J-3, J-4, J-5. J-6. J-7,
CENTRAL AND SOUTHEASTERN PORTION OF D-5 Deed

(b) Grantee covenants and agrees that it will not conduct, or allow others to conduct, any surface activities that inject or allow infiltration of water/other fluids into the groundwater (e.g., construction or creation of any groundwater recharge area, percolation pond, unlined surface impoundment or disposal trench), unless specifically approved in writing by the Grantor, EPA, and the Regional Water Quality Control Board, Lahontan Region (RWQCB). Normal watering on the golf course in support of routine landscaping and fairway/green maintenance activities is excluded from this restriction.

(c) Grantee covenants and agrees that it will not conduct, or allow others to conduct, any soil disturbing activities (e.g., constructing, digging, excavating, drilling, grading, removing, trenching, filling, moving, farming/planting, or mining) without a Health and Safety Plan. Routine landscaping and fairway/green maintenance activities on the golf course are excluded from this restriction.

(d) Grantee covenants and agrees for itself and any of its agents, representatives, contractors, or lessees that it will follow all applicable laws and regulations for the handling, transporting, and disposing of any soils containing Dieldrin or other pesticide-related constituents.

(e) Grantee covenants and agrees that it will not use, or allow others to use, the Property for residential purposes (including mobile or modular homes), hospitals for human care, public or private schools for persons under 18 years of age, nursery schools, or day care centers for children.

(f) The Grantee covenants and agrees that it will not conduct, or allow others to conduct, any activities that would cause disturbance of, or limit access to, any wells or equipment associated with groundwater monitoring until such time as the Grantor determines that monitoring from the well or wells is no longer needed as part of its approved Long-term Monitoring Plan.

3. It is the intent of the Grantor and the Grantee that the Environmental Restrictive Covenants in this subparagraph bind the Grantee and shall run with the land. It is also the intent of the Grantor and the Grantee that the Grantor will retain the right to enforce any restrictive covenant in this subparagraph through the chain of title, in addition to any State law that requires the State to enforce any restrictive covenant in this subparagraph. The Grantee covenants to insert this entire subparagraph in any deed to the Property that it delivers.

C. Release of Environmental Restrictive Covenants.

1. The Grantee may request from the United States a modification or release of one or more of the environmental restrictive covenants in whole or in part in this paragraph, subject to the notification and concurrence or approval of the RWQCB and EPA. In the event the request of the Grantee for modification or release is approved by the United States, RWQCB, and

PARCELS: D-7, D-8, D-9, F-1, G-2, J-1, J-2, J-3, J-4, J-5, J-6, J-7,
CENTRAL AND SOUTHEASTERN PORTION OF D-5 Deed

EPA, the United States agrees to modify or release the covenant (the "Covenant Release") giving rise to such environmental restriction in whole or in part. The Grantee understands and agrees that all costs associated with the Covenant Release shall be the sole responsibility of the Grantee, without any cost whatsoever to the United States. The United States shall deliver to the Grantee in recordable form the Covenant Release. The execution of the Covenant Release by the United States shall modify or release the environmental restrictive covenant with respect to the Property in the Covenant Release.

2. In the event that the environmental restrictive covenants contained in this paragraph are no longer necessary, the United States will record any appropriate document modifying or removing such use restrictions, as appropriate.

VIII. OTHER COVENANTS

A. General Lead-Based Paint and Lead-Based Paint-Containing Materials and Debris (collectively "LBP").

1. Lead-based paint was commonly used prior to 1978 and may be located on the Property. The Grantee is advised to exercise caution during any use of the Property that may result in exposure to LBP.

2. The Grantee covenants and agrees that in its use and occupancy of the Property, the Grantee is solely responsible for managing LBP, including LBP in soils, in accordance with all applicable Federal, State, and local laws and regulations. The Grantee acknowledges that the Grantor assumes no liability for property damages or damages for personal injury, illness, disability, or death to the Grantee, or to any other person, including members of the general public, arising from or incident to the purchase, transportation, removal, handling, use, contact, disposition, or other activity involving LBP on the Property, whether the Grantee has properly warned, or failed to properly warn, the persons injured. The Grantee further agrees to notify the Grantor promptly of any discovery of LBP in soils that appears to be the result of Grantor activities and that is found at concentrations that may require remediation. The Grantor hereby reserves the right, in its sole discretion, to undertake an investigation and conduct any remedial action that it determines is necessary.

B. Asbestos-Containing Materials (ACM). The Grantee is warned that the Property may contain current and former improvements, such as buildings, facilities, equipment, and pipelines, above and below the ground that may contain ACM. The Grantee covenants and agrees that in its use and occupancy of the Property, it will comply with all applicable Federal, State, and local laws relating to asbestos. The Grantee covenants and agrees that in any situation where there may be human contact or exposure to potentially friable ACM (for definition see 40 C.F.R. § 61.141), the Grantee will require an approved Health and Safety Plan to protect all exposed persons. The Grantee is cautioned to use due care during property development activities that may uncover pipelines or other buried ACM. The Grantee covenants and agrees that it will notify the Grantor promptly of any potentially friable ACM that constitutes a release (or potential

**PARCELS: D-7, D-8, D-9, F-1, G-2, J-1, J-2, J-3, J-4, J-5, J-6, J-7,
CENTRAL AND SOUTHEASTERN PORTION OF D-5 Deed**

release) under the federal CERCLA (42 U.S.C. §§ 9601 et seq.), believed to be associated with Grantor activities. The Grantee will be required to allow the Grantor a reasonable opportunity to investigate and, if a CERCLA response action is necessary, to accomplish it. The Grantor's responsibility under this Deed for friable ACM is limited to friable ACM in demolition debris associated with past Air Force activities and is limited to the actions, if any, to be taken in accordance with the covenant contained in subparagraph VILA. The Grantee is warned that the Grantor will not be responsible for removing or responding to ACM in or on utility pipelines. The Grantee acknowledges that the Grantor assumes no liability for property damages or damages for personal injury, illness, disability, or death to the Grantee, or to any other person, including members of the general public, arising from or incident to the purchase, transportation, removal, handling, use, disposition, or other activity causing or leading to contact of any kind whatsoever with asbestos on the Property, whether the Grantee has properly warned, or failed to properly warn, the persons injured.

C. Pesticides. The Grantee is warned of the presence of Dieldrin or other possible pesticide-related constituents ("Pesticides") on the Property in certain portions of the soil and in the upper aquifer of the groundwater, which may have resulted from past applications of pesticides. The Grantee is cautioned to use due care during use, occupancy, and Property development activities that may involve soils containing Pesticides. Grantee covenants and agrees for itself and any of its agents, representatives, contractors, or lessees that it will follow all applicable laws and regulations for the handling, transporting, and disposing of any soils containing Pesticides. The Grantee covenants and agrees that it will notify the Grantor promptly should it discover Pesticides in soil that appear to have resulted from activities occurring prior to the date of this conveyance and to properly safeguard the discovered Pesticides site to prevent human contact or exposure to the Pesticides. The Grantee will be required to allow the Grantor a reasonable opportunity to investigate the site and, if a CERCLA response action is necessary, to accomplish it. The Grantor's responsibility under this Deed for the presence of Pesticides is limited to the actions, if any, to be taken in accordance with the covenant contained in subparagraph VILA. The Grantee will assume all other responsibility and liability for use, occupancy, Property development, or other activity causing, or leading to, human contact of any kind whatsoever with Pesticides on the Property. The Grantee acknowledges that the Grantor assumes no liability for property damages or damages for personal injury, illness, disability, or death to the Grantee, or to any other person, including members of the general public, arising from or incident to the purchase, transportation, removal, handling, use, disposition, or other activity causing or leading to any contact with or exposure to Pesticides on the Property, if such contact or exposure resulted from the failure of the Grantee to comply with the cautions and obligations stated in this subparagraph.

D. Aboveground Storage Tank (AST). One 250-gallon AST located at Facility 1141 was installed and is owned and operated by the Local Reuse Authority for golf course ground equipment fuel. The Grantee covenants to be solely responsible for complying with all applicable federal, state, and local laws relating to the use of this tank. The Grantor is released from any and all environmental liability associated with this AST.

PARCELS: D-7, D-8, D-9, F-1, G-2, J-1, J-2, J-3, J-4, J-5, J-6, J-7,
CENTRAL AND SOUTHEASTERN PORTION OF D-5 Deed

E. Utility Infrastructure/Lines. Any activity conducted on the Property that will require excavation or drilling into the subsurface must be conducted in accordance with all appropriate industry safety precautions in consideration of the potential presence of unmarked and unmapped, buried utility System lines.

F. Site LF039. The Grantee covenants and agrees that if, as a result of any post-land transfer construction activities at this site, wastes are found beneath the former base housing area, a Waste Management Plan must be developed and appropriate regulatory concurrence obtained. These wastes could possibly be associated with Site LF039. A graphic depiction of the potential extent of Site LF039 is at Exhibit C.

G. Non-Discrimination. The Grantee covenants not to discriminate upon the basis of race, color, religion, national origin, sex, age, or handicap in the use, occupancy, sale, or lease of the Property, or in its employment practices conducted thereon. This covenant shall not apply, however, to the lease or rental of a room or rooms within a family dwelling unit, nor shall it apply with respect to religion if the Property is on premises used primarily for religious purposes. The United States of America shall be deemed a beneficiary of this covenant without regard to whether it remains the owner of any land or interest therein in the locality of the Property.

H. Hazards to Air Navigation. Prior to commencing any construction on, or alteration of, the Property, the Grantee covenants to comply with 14 C.F.R. Part 77 entitled "Objects Affecting Navigable Airspace," under the authority of the Federal Aviation Act of 1958, as amended.

IX. MISCELLANEOUS

Each covenant of this Deed shall inure to the benefit of the Grantor: shall be binding upon the Grantee; shall be deemed to touch and concern the land; and shall run with the land.

X. EXHIBITS

The following Exhibits are attached to and made a part of this Deed:

- Exhibit A - Legal Description
- Exhibit B - Graphic Depiction
- Exhibit C - Graphic Depiction of Site LF039
